

A REFINING PROGRAM BUILT FOR YOU.

Since 1892, Garfield Refining has provided recycling solutions for gold, silver, palladium, and platinum. Our full-service refinery and unrivaled expertise refining dental metals sets us apart in servicing the death care industry.

We partner with crematories big and small. Whether you handle 100 cases per week or 100 per year, we understand that every crematory's goals are unique and require a program built for them.

Garfield Refining
Precious Metals Since 1892

AWARD WINNING CUSTOMER SERVICE

Garfield's full-service refinery and award-winning customer service are the backbone of our 130 year-old family business. With dental metals driving nearly all of the monetary value in post-cremation metals, its good business to cut out the middleman and work with North America's Best Dental Scrap Refiner.

FLEXIBLE PAYMENTS AND DONATIONS

We provide a variety of payment options that fit your refining goals.

- Checks/ACH
- Charitable donations
- Bullion exchange
- Credit towards equipment/supplies

BUSINESS REPORTS FOR BUSINESS PEOPLE

Like you, we rely on clear reporting to drive smart business decisions. Our Metal Report is built so you have all the information you need to optimize your operations and easily understand the recovered value of recycled material, all without having to consult the periodic table.

COLLECTION MATERIALS AND PROCESSORS

Whether your business is recycling for the first time or looking to get more from an existing program, we'll get you the right tools to maximize metal collection. We'll review your results together and explore every opportunity to improve collection of valuable metals.

SMALL METALS MATTER

Bigger is not better when recycling post-cremation metal. In fact, 1 fine troy ounce of gold or palladium is worth \$2,000 more than 1 pound of cobalt or titanium.

Dental material drives the value of post-cremation material, so know what to look for and have a plan to collect it.

| | | | | |
|--|---|---|--|---|
| GOLD 3.41 fine oz. \$6,768.85 | SILVER 0.97 fine oz. \$23.57 | PALLADIUM 2.41 fine oz. \$5,904.50 | PLATINUM 0.18 fine oz. \$205.80 | DENTAL MATERIALS 3/4 lbs \$12,902.72 |
| COBALT 44 pounds \$164.12 | TITANIUM 21 pounds \$19.11 | HYBRIDS 13 pounds \$16.51 | FERROUS METALS 35 pounds \$3.50 | IMPLANTS & MISCELLANEOUS 113 pounds \$203.24 |

TOTAL:
\$13,105.96

*pricing varies with collection practices and market conditions

PACEMAKER RECYCLING

GARFIELD'S PACEMAKER RECYCLING PROGRAM CAN BENEFIT THE COMMON GOOD AND YOUR BOTTOM LINE.

EVERY DONATED PACEMAKER CAN SAVE A LIFE

There is a need for pacemakers across the globe. Over 1 million people die due to a lack of access to pacemakers each year. Our recycling program helps connect those in need with your donated pacemakers. **Each pacemaker donated can save a life.**

PACEMAKER RECYCLING IS **THE BEST OPTION**

If your funeral home or crematory is storing discarded pacemakers in a collection bin, you may not know there's an easy solution. Pacemakers sent to Garfield Refining are recycled and refurbished for donation. It's **free, easy**, and a great way to support a worthy cause.

IT PAYS TO RECYCLE

The platinum-clad leads on pacemakers may contain recoverable platinum. Garfield Refining uses its 130 years of precious-metals expertise to maximize the salvage value of any platinum in pacemaker leads. After we process the material, we issue payment to the funeral home or crematory.

TO START RECYCLING PACEMAKERS OR TO LEARN MORE, CALL (800) 523-0968.

RESPONSIBLY RECYCLING POST-CREMATATION METALS IS SUPPORTED BY

CANA

&

ICCFA[®]

Garfield promotes ethical and compliant recycling in the death care industry, and has established comprehensive KYC and Anti-Money Laundering procedures. Garfield supports the use of non-conflict metal and combating human rights abuses in its supply chain across all business lines.

“

Garfield's representatives have always been very responsive to our needs and provided us with very good technical assistance as we developed our metal recovery program. With their help, we have been able to provide significant funding to a number of non-profit organizations. THANK YOU Garfield for all that you do for us!

Paul Evans

Evans Burial Vaults & Crematorium

We work with a lot of vendors and among the best of them is Garfield Refining. We are more than pleased with the results of our processing, the service and quality of the overall experience we receive.
